

## CHATHAM & CLARENDON GRAMMAR SCHOOL

# Satchel One - Show My HW

CCGS use Show My Homework, part of the Satchel One platform. Show My Homework is an online tool to help your child and you keep track of your child's homework.

It allows you and your child to see full details of the tasks your child has been set, all their upcoming deadlines and any submission statuses or grades recorded by their teacher.

This helps to improve our parental communication and to give you greater visibility into the homework we set. This system will also support your child's organisation, time-management, and ability to keep on top of their workload.

Students have Satchel One as part of their school Office 365 system. You and your child can also download the free mobile app in order to view your child's homework at any time. Once you have logged in, you are also able to set up email alerts and push notifications for new homework, feedback from teachers and upcoming deadlines and school events.

Homework at CCGS is intended to support the classroom learning taking place each day. To help organise and spread homework out, we also have a homework timetable. Students should receive no more than three homework tasks each evening.

In Year 7, students also receive a KS3 school notebook to help keep up to date with things happening in and around school.
