| <b>Responsible to:</b>  | <b>Head of Mathematics</b>                    |
| <b>Responsible for:</b> |   |

### Overview of Job:

- We are looking for a well-qualified, enthusiastic mathematician to join our successful and ambitious department. You will be required to teach throughout key stages 3 and 4 with the possibility of contributing to the teaching of Mathematics and Further Mathematics at A level. This post provides an excellent opportunity for an experienced teacher who would like to develop their teaching further, or for an outstanding and ambitious NQT who would like to start their career teaching very able students.
- We have over 60 students in year 12 choosing Mathematics. You will have the opportunity to build upon your existing experience in pure mathematics and develop and extend your expertise in applied aspects of the curriculum within a supportive environment.

### The main responsibilities and tasks:

- You will be required to motivate and enthuse the students in their study of mathematics and share your passion for the subject whilst having high expectations of student achievement. You will plan well sequenced lessons and collaborate with colleagues to create teaching and assessment resources. You will keep records of student attainment and track their progress showing initiative when intervention is required whether for students lacking in progress or for the most able.

### Other Duties:

- You will be required to take responsibility for a form.

*To perform such duties as the Headteacher may reasonably require or that professionalism dictates.*
